MERIDIAN PRODUCTS

NEWS, PRODUCT UPDATES & CURRENT INDUSTRY TRENDS | FALL 2023

SLAB 400 SERIES

As we all continue to ride the wave of the skinny shaker design (Slab 400s), Meridian Products is introducing two new looks to our line. The Slab M460 has the skinniest overall square bead look to-date, with a 1/4" wide frame and 1/8" set back. We are also introducing our first skinny shaker step bead in our Slab M465, which has an overall 7/8" wide framing with a double 1/8" step down.

CUSTOM CABINET SHELVING

Introducing our new finished cabinet shelf line. Save time and let us make your cabinet shelves for you.

All are made out of maple with a prefinished front edge band.

Available in any dimension. Shelf clips included.

Meridian Products now offers solid wood outlets and switch plates.

Available in the following species: Cherry, Hard Maple, Walnut, QS White Oak, and Hickory.

EVOLUTION SERIES EXPANDED

We are pleased to release our newest addition to our Evolution line. The release of Series 2 (Wood Grains), Series 3 (High Gloss), and Series 4 (Perfect Matte), complete the demand for a high-end alternative product line. All three lines are produced using laser edge banding to create an almost nonexistent joint with no glue line. It's a great choice for those wanting a modern European-looking kitchen or bath.

These series will include the needed parts, 8mm and 19mm full sheets or cut to size, laminates and edge banding directly through Meridian Products.

Series 2 Wood Grains

Farmhouse

Dark Walnut

Mod Elm

Straight Noce

Series 3 High Gloss

Vanilla Orchid HG

Actual wood and finish colors may vary due to printing process. Meridian Products always recommends ordering a sample door and/or drawer sample for accurate color selection and representation.

TEAM SPOTLIGHT

GET TO KNOW THE TEAM BEHIND MERIDIAN PRODUCTS

My name is **Lesa Lefever** and I am the Customer Service Supervisor at Meridian Products.

I joined the Meridian team in February of 2015 as a Customer Service Representative and was promoted to supervisor in January of 2023. In my new role, I oversee a superior team that works diligently to serve Meridian customers.

Throughout my career, I have had many customer service roles. I started in Health Care then transitioned into small business ownership for 20 years. Prior to my employment at Meridian Products, I was a mail carrier with the United States Postal Service.

While I had no specific woodworking experience when I first joined Meridian, I was fortunate to have a team of people around me who were willing to share their industry knowledge and expertise. With their support, I was able to learn the business and provide exceptional service to our customers.

My personal time is spent with my husband of 39 years, two children, and four grandchildren. I enjoy cooking, reading, hiking, traveling, and gardening.

STORAGE SOLUTIONS

One of the fastest growing trends in the market is a painted drawer box. Our Jet Black paint on an oak box is both sleek and clean; it works as a pleasing contrast to a white kitchen, closet or bathroom project. New options for both closets and bathrooms are also available.

RECON VENEER

Meridian is now offering a full line of recon veneer doors and drawers in the following species: Rift White Oak, Walnut, Mahogany, and Cherry. It's the perfect product line for the client looking for an extremely consistent color and grain match.
